CHAPLAIN'S CORNER

I am told there is no plot without conflict, and the same must be true for my own narrative. Growth is not possible apart from honest struggle and heartrending hardship, but the difference made by the cradle and the cross is that Christ enters the foray with us. He doesn't fight the battles for us while we look on from a distance, but instead faces the enemy side-by-side with us to the extent that he sways the outcome in our favor. We are more than conquerors because he is in us and that always adds up to superior force. I will never slay my demons on my own; fortunately, I don't have to.

Questions to Consider:

1. Pause, as long as it takes, and identify your inner demons. Now, list them in the order of their damaging impact.
2. Admit and lay these "demons" before the Lord and request His help in overcoming. In addition, who might you ask to help you and hold yourself accountable for dealing with them?

FOB EAGLE ROCK GARDEN

Grab a rock, some paint, and let's make this place uniquely ours! A few simple rules to keep things awesome:

- 1. Paint Your Heart Out!** – Decorate as many rocks as you want. Keep them, gift them, or leave them behind to inspire others.
- 2. Take One, Leave One** – Just remember to paint and place it on the table; we'll ensure the garden continues to flourish.
- 3. Keep It Cool** – No bad vibes here! Keep designs positive, fun, and appropriate—nothing offensive or in bad taste.
- 4. Make It Personal** – Paint something meaningful! A favorite quote, your unit logo, a tribute, or just some cool designs—anything that makes you smile.
- 5. Family Fun** – Feel free to take a rock home for your family to paint and bring back to be part of the FOB Eagle legacy!
- 6. Teamwork Rocks!** – Got a squad? Create a theme together or challenge each other to make the most creative design.
- 7. Leave Your Mark** – Sign your rock with your initials, call sign, or a small symbol to show you were here.
- 8. Seal the Deal** – Use the provided sealant when you're done to help your masterpiece last.
- 9. Respect the Art** – Admire, don't modify, someone else's work. Every rock tells a story!
- 10. Clean As You Go** – The painting station is open all the time, so let's keep it tidy for the next artist-in-the-making.
- 11. Most Importantly—Have Fun!** – This is your chance to unwind, get creative, and be part of something special.

NOW GO GRAB A ROCK AND LET'S MAKE FOB EAGLE ROCK!

The Texas Department of Public Safety (DPS) conducted a PepperBall Train-The-Trainer Course on March 26-27 at FOB Eagle, with over 50 members of DPS and the Texas National Guard (TXNG) participating in the two-day training event.

This comprehensive course is designed to certify law enforcement and military personnel as instructors in the safe and effective use of PepperBall systems. The training ensures that those responsible for public safety are equipped with the necessary skills to handle these non-lethal tools effectively.

Although DPS members are not always on base, this recent training highlights the vital collaboration between the two agencies. It underscores the importance of their ongoing partnership in ensuring public safety and preparedness in the region.
