

# TEXAS STATE GUARD

The Texas State Guard (TXSG) provides mission-ready forces to assist state and local authorities in times of state emergencies. TXSG members augment Texas Military Department (TMD) components, support state homeland security, and provide community support services through Defense Support of Civil Authorities.

The TXSG performs missions within the state of Texas under approval of the Governor. The TXSG originated as a home defense force while National Guard Soldiers were deployed overseas during WWII. In recent decades, the TXSG's mission and purpose has primarily been to support TMD and other state agencies during natural disasters, emergency situations, and other state-wide needs. Though the TXSG parallels the National Guard's organizational structure, TXSG service members conduct monthly training drills and a 4-day Annual Training. Prior military service members are welcome, however, prior service is not required.

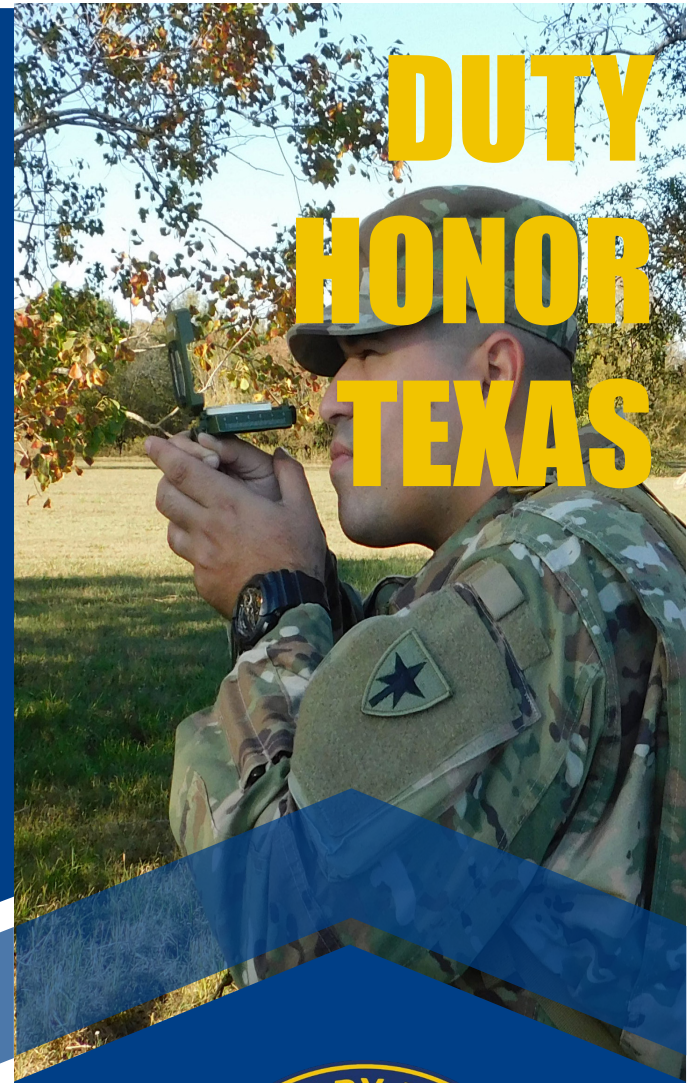

**“We regularly  
train and stand  
ready when  
activated by the  
Governor.”**

**– MG Robert J. Bodisch, Sr.,  
TXSG Commanding General**
