Texas JCDTF Mission

PROTECT TEXAS!
STOP DRUGS!

The Texas Joint Counterdrug Task Force **detects, interdicts, and disrupts drug smuggling** and associated illicit activities at the request of local, state, and federal law enforcement agencies by leveraging **unique military skills and assets** in order to support national counterdrug strategies and objectives, as well as the Texas State Plan.

Authorized Activities

- Linguist / Transcription Services
- Analysis Support
- Communications Support
- Transportation Support
- Ground Reconnaissance
- Aerial Reconnaissance
- Engineer Support
- Diver Support
- Training
- Civil Operations

Array of Support Locations

Durational Activities

Analysis Support

JCDTF Analysts disrupt and dismantle drug trafficking organizations using post collection analysis utilizing Four Core Competencies:

- Link Analysis
- Documentation Exploitation
- Commodity-Financial Analysis
- Case Construction

Civil Operations Support

The Texas JCDTF and its state and local partners seek to improve the health and well-being of Texas communities by addressing alcohol and other substance use/abuse through coalition development. The Texas JCDTF conducts Civil Operations in order to augment local anti-drug coalitions by providing technical assistance and training to create a strong response to substance abuse in Texas communities, and ensure long-term positive behavior outcomes.

On-Call Capabilities

Ground Reconnaissance and Training

Conducts low-visibility counterdrug ground reconnaissance to detect and report illegal drug activities in support of law enforcement drug interdiction operations. Ground Reconnaissance provides the following mission support:

- Case Support
- Area and Route Reconnaissance
- Air to Ground (A2G) Down-link
- Reconnaissance Coordination
- Basic Military Training to Law Enforcement

Army Aviation Support

Provides aerial rotary wing support at no cost to law enforcement:

- Aerial Thermal Imaging Camera with data downlink capabilities & aerial Command and Control Platform with secure communications
- Transportation and Tactical Logistics
- Basic Military Training to Law Enforcement
- Aerial Area and Route Reconnaissance
