MEMORANDUM OF UNDERSTANDING

BETWEEN
THE TEXAS MILITARY FORCES JOINT COUNTERDRUG TASK FORCE
AND
ARMY / AIR NATIONAL GUARD MEMBERS VOLUNTARILY ACTIVATED FOR
FULL-TIME NATIONAL GUARD DUTY FOR COUNTERDRUG (T32 USC)

SUBJECT: Temporary Tour of Duty for Counterdrug

1. The on going mobilization of both Army and Air National Guard members of the Texas Military Forces (TMF) Joint Counterdrug Task Force (JCDF) has limited the amount of support that the Texas JCDF is able to provide to law enforcement agencies (LEAs) and community based organizations (CBOs) throughout the state. In order to support fielded members of the Texas JCDF, LEAs and CBOs, this organization has authorized and created temporary tours to fill certain JCDF positions.
2. This memorandum serves as an understanding and mutual agreement between all Army and Air National Guard members volunteering for a temporary Full-Time National Guard Duty for Counterdrug (FTNGDCD) tour.
3. Within the temporary time period, selected applicants will not be considered for other assignments and are subject to release for cause as well as for budgetary constraints. Furthermore, personnel on temporary tours who are deployed on Title 10 orders are not guaranteed rights of return and must reapply for any JCDF positions that might be available at that time.
4. Temporary hire's physical fitness test scores and individual medical readiness (IMR) status must be valid for at least 6 months. Temporary tour orders will not be extended beyond physical fitness or IMR expiration dates. Orders will be terminated on the Physical Fitness expiration date or at the termination of tour; whichever comes first.
5. Personnel on temporary tours are not authorized to apply for internally advertised positions on the JCDF. However, members on temporary tours will be given the opportunity and encouraged to apply for permanent FTNGDCD positions externally advertised by the NGTX-JCD-HZ.
