- (g) **Joint Operations Center Course.** JOC-TC is a 4 day (32 hour) course designed to train host State personnel in the three critical focus areas for a JOC operator: Domestic Operations, Knowledge Management, and Operations Management. The course is administered through a series of topical presentations, facilitated discussions and practical exercises, leveraging the diverse experience and knowledge of the participants. These segments are guided by experienced instructors, each with significant subject matter expertise in CS and DSCA. The course culminates in a 7 hour command post exercise (CPX), developed specifically for each state and its unique requirements. The CPX takes place in the JOC, using the same communications and automations systems that would be used during an actual event. Its objective is to reinforce the principles illustrated during the course and how their employment increases the operational effectiveness.

- (h) **Joint Staff Training Course (JSTC).** The JSTC 3 -day course provides a blended learning experience composed of two integrated components; the web-based Joint Domestic Operations Course (JDOC) and a culminating Face-to-Face (F2F) state engagement. The web-based JDOC is a Joint Service, Interagency (local, state and federal) -focused course providing students an introduction to Joint Service and Interagency Domestic Operations. Additionally, the training encompasses the Federal Emergency Management Agency (FEMA) National Incident Management System Incident Command Structure (NIMS/ICS) IS-700a and IS-800b distance learning courses. The F2F state engagement builds on the knowledge and comprehension
