SUMMARY of CHANGE

Texas Military Department (TMD) PAM 6-02
Serially Numbered Issuances

This revision, dated 1 June 2017:

- Changes publication name/number from JFTX Pamphlet 6-02 to TMD Pamphlet 6-02.
- Changes publication title to Serially Numbered Issuances (SNI).
- Adds Table 2-1, steps for processing component serially numbered issuances.
- Adds Table 2-2 steps for processing TMD serially numbered issuances.
- Changes figure 2-1 to SNI staffing process map.
- Changes figure 2-2 to sample policy memorandum.
- Adds figure 2-3 sample directive.
- Adds figure 2-4 sample instruction.
- Adds figure 2-5 sample TMD regulation.
- Adds figure 2-6 sample TMD pamphlet.
- Adds figure 2-7 sample Standard Operating Procedure (SOP).
- Adds SNI staffing process flow chart (Figure 2-1).
- Makes administrative changes (throughout).
- Changes staffing procedures (throughout).
Summary. This pamphlet (PAM) updates procedures for the Texas Military Department (TMD) regarding the proper content, format, and control measures necessary for SNI.

Applicability. This pamphlet applies to all components of TMD. This pamphlet is not intended to limit a drafting authority’s ability to create or modify the contents of an SNI. The numbering of SNIs excludes operation orders.

Management Control Process. This SNI pamphlet contains management control provisions for creating and editing SNIs.

Proponent and Exception Authority. The proponent of this SNI pamphlet is the Strategic Initiatives Group (SIG). The SIG has the authority to approve exceptions to this pamphlet that are consistent with controlling law and regulation. Within the following pages, the “proponent” is the drafting authority of the SNI.

Supplementation. Supplementation of this publication on SNIs or establishment of command and local forms on SNI creation/editing is prohibited without prior approval from the Adjutant General (TAG), through the SIG, ATTN: NGTX-JSI, P.O. Box 5218, Austin, TX 78763-5218.

Suggested Improvements. Users are invited to send comments and suggested improvements concerning this PAM on DA Form 2028 (Recommended Changes to Publications and Blank Forms) directly to Strategic Initiatives Group, ATTN: NGTX-JSI, P.O. Box 5218, Austin, TX 78763-5218.

Glossary
Chapter 1
Introduction

1-1. Purpose

a. An issuance is the action of supplying or distributing content, especially for official purposes, formally making something known.

b. TMD uses SNIs listed in paragraph 2-3, “Types of SNI”, to establish policy, authorize, direct, delegate, reinforce, alter, or restrict courses of action, establish procedures, assign responsibilities and allocate resources.

c. This PAM standardizes the effective communication of SNIs across TMD components. It describes the proper content, format and control measures necessary for SNIs. It establishes categories and types of SNIs, mandatory content, staffing process and signature authority.

1-2. References

See Appendix A.

1-3. Explanation of Abbreviations and Terms

See glossary.

1-4. Responsibilities

The SIG is the functional proponent and manager of the TMD’s SNI program.

Chapter 2
Procedural Information

2-1. General Policy

a. An SNI is a means by which official policy, directives and guidance are communicated. Every SNI must contain a serial number assigned by the TMD policy officer/SIG. Any policy, directive, instruction or publication at TMD or component level, without a serial number is not considered an official SNI, this excludes administrative publications and operation orders.

b. SNIs will not conflict with current administrative publications. These publications may only be changed as provided for in AR 25-30, DA Pam 25-40, AFI 33-360 or other legally controlling authority. An SNI used to supersede guidance within other correspondence will contain a reference to the previous SNI’s serial number.

c. SNIs will expire after two years, unless rescinded or superseded.
d. All component SNIs will be nested with TMD SNIs, state law or DoD Issuances.

e. All SNIs will be published by SIG to the following url: https://go.usa.gov/x5wXk

2-2. Categories of SNIs. There are five component categories of SNIs.

a. Texas Military Department (TMD). SNIs that apply to *multiple components* of TMD or the Office of the Executive Director. TMD SNIs are signed/approved by the Adjutant General (TAG) or Chief of Staff – TMD (CoS – TMD).

b. Texas Army National Guard (TXARNG). SNIs that apply *only* to the TXARNG, including army personnel assigned to Domestic Operations Task Force (DOMOPS). TXARNG SNIs are signed/approved by Deputy Adjutant General (DAG) – Army or TXARNG Commander.

c. Texas Air National Guard (TXANG). SNIs that apply *only* to the TXANG, including air personnel assigned to DOMOPS. For TXANG policy memorandums/instructions refer to AFI 33-360. TXANG SNIs are signed/approved by DAG – Air or TXANG Commander.

d. Domestic Operations Task Force (DOMOPS). SNIs that apply *only* to Domestic Operations. DOMOPS SNIs are signed/approved by DOMOPS Commander.

e. Texas State Guard (TXSG). SNIs that apply *only* to the TXSG. TXSG SNIs are signed/approved by TXSG Commander.

2-3. Types of SNIs.

a. **Policy Memorandum.** An issuance that establishes left and right limits, it serves as a guideline, principle, or rule, used to regulate organizational affairs. Policy memorandums are used to communicate where the organization stands on an important issue. Policy memorandum examples include: Equal Opportunity (EO), Equal Opportunity Employment (EEO), Sexual Harassment/Assault Response and Prevention (SHARP), Open Door, and Alcohol and Drug Abuse. Policy memorandums will be formatted IAW figure 2-2 and Army Regulation (AR) 25-50. Policy memorandums will not exceed two pages. Failure to comply with policies may result in administrative and punitive actions.

b. **Directive.** An issuance that establishes policies or programs, defines missions, directs actions, assigns responsibilities, allocates resources, or delegates authority. Directives contain no procedures. Directive examples include Transgender Implementation, Guidance for Manpower Management, and Army Physical Readiness Program. One-time tasking and assignments are not appropriate in directives. Directives will be formatted IAW figure 2-3 and will not exceed two pages. Failure to comply with directives may have administrative and punitive actions.
c. **Instruction.** An issuance that contains detailed guidance, prescribes the manner, specific plan or action for carrying out a policy or directive, operating a program or activity, and assigning responsibilities. The instruction will reference the issuance it supports, if applicable. Examples of instructions include: Voting Assistance Program, Display of the National Flag at Half-staff, Military Morale, Recreation, and Welfare (MWR) Programs. Instructions will be formatted IAW figure 2-4. Instructions are not limited to two pages.

   d. **Publication.** An issuance that may implement or supplement directives and instructions by providing uniform procedures for management and disseminating administrative information. Publications include: standard operating procedures (SOP), catalogs, directories, guides, handbooks, philosophies, concepts, indexes, inventories, lists, manuals, modules, pamphlets, plans, and regulation. Publications will be formatted IAW figures 2-5 through 2-7, as applicable.

### 2-4. Policy Memorandums.

a. Serial number: The unique number that identifies policy memorandums for ease of reference, control, and distinction of category and type. Serial numbers are issued by the TMD policy officer/SIG. The serial number will appear in parenthesis as the first item in the subject line of any policy. Example: (TMD P17-01).

b. Issue date. Date will be the same date the memorandum is signed and serves as the effective date. Date stamp will be applied by SIG.

c. Office symbol. Office symbol of the proponent that sponsors or administers the SNI.

d. Address line. Will read, SEE DISTRIBUTION (*Distribution* regulation may be found at url: [https://go.usa.gov/x5wXk](https://go.usa.gov/x5wXk))

e. Supersede notice as applicable. Cite any policy memorandum or directive being superseded by this policy memorandum.

f. Authority line. Will state “FOR THE ADJUTANT GENERAL:” or “FOR THE COMMANDER:”, if delegated in writing.

g. The following are appropriate signature blocks for *Policy Memorandums.*

   (1) TMD – The Adjutant General (TAG) and Chief of Staff – TMD (CoS – TMD) are the only authorized signatures for TMD policy memorandums unless otherwise delegated in writing. TMD policy memorandums will involve issues that meet one of two criteria; they are relevant to multiple components of TMD or cover a specific area requiring special organizational emphasis.
(a) All SNIs under consideration, regardless of proponent, for TAG’s signature, must be fully staffed through the TMD policy officer/SIG for review, authentication and processing.

(b) TMD policy memorandums will be prepared by the originating proponent. A digital copy of memorandum, including all attachments/enclosures, will be forwarded with a Summary Sheet (JFTX 77) to the TMD policy officer/SIG. SIG will request review and staffing approval by CoS – TMD. Policy memorandums signed by CoS – TMD will include an authority line.

(2) Component policy memorandums will be prepared by the originating proponent. A digital copy of memorandum, including all attachments/enclosures, will be forwarded with a Summary Sheet (JFTX 77) to the component policy officer for review by component CoS and approved for staffing.

(a) The only authorized signature block for any component policy memorandum is the respective DAG, commander or CoS. These policies will be specific to the entire component or cover a specific area requiring organizational emphasis.

(b) Component policy memorandums under consideration for signature/approval of DAG, commander or CoS, regardless of proponent, must be fully staffed through the TMD policy officer/SIG by the component policy officer.

Note 1. TXARNG, TXANG, DOMOPS, TXSG and OED policies that may affect a component’s capability to respond as a force provider to Joint and/or Defense Support to Civil Authority (DSCA) missions must be staffed through J-Staff principals before approval and publication.

Note 2. SNIs that affect state employees – whether those SNIs are created by OED or by a component where state employees are assigned, are by definition TMD SNIs and must be processed as such.

2-5. TMD/Component Directive. (Contains no procedures.)

a. TMD/component directives will be formatted IAW figure 2-3.

b. Letterhead color seal will be specific to component on signature block.

c. Number. TMD policy officer/SIG will assign the number upon review.

d. Date will be stamped at right margin upon signature of directive. Date stamp will be applied by SIG.

e. Office symbol of proponent will be typed flush with right margin one line below solid line.

f. Subject will be short and concise
g. References will always be listed. If reference list is long, use “See Enclosure” and list references on an enclosure as appropriate.

h. Purpose. Use additional subparagraphs as required.

i. Applicability and scope: Annotate who this directive applies to.

j. Definitions. Include any definitions needing to be addressed in the glossary.

k. Directive. The purpose of issuance; what needs to be communicated.

l. Responsibilities. Define who will be executing the directive or who is responsible for implementation.

m. Information requirements. As needed.

n. Releasability. Unlimited, if not approved for public release change to appropriate statement.

o. Effective date. Effective immediately and will expire in two years if not rescinded or superseded.

p. Point of Contact. Proponent initiating directive. Only utilize office titles; do not use names of personnel.

2-6. TMD/Component Instruction. (Contains procedures for implementing a policy or directive.)

a. TMD/component Instructions will be formatted IAW figure 2-4.

b. Letterhead color seal will be specific to component on signature block.

c. Number. TMD policy officer will assign serial number upon review.

d. Date will be stamped upon signature of instruction. Date stamp will be applied by SIG.

e. Office symbol of proponent will be typed flush with right margin one line below solid line.

f. Subject will be short and concise.

g. References will always be listed. If reference list is long, use “See Enclosure” and list references on an enclosure as appropriate.

h. Purpose. Use additional subparagraphs if required.
i. Applicability and scope: Annotate who this instruction applies to.

j. Definitions. Include any definitions which may need to be addressed or clarified.

k. Policy/Directive. Cite policy/directive this instruction supports, if applicable.

l. Responsibilities. Define any responsibilities and identify those offices or agencies as required.

m. Procedures. Use an enclosure to insert lengthy procedures if applicable.

n. Information requirements. As needed.

o. Releasability. Unlimited, if not approved for public release change to appropriate statement.

p. Effective date. Effective immediately and will expire in two years if not rescinded or superseded.

q. Point of Contact. Proponent initiating instruction. Only utilize office titles, not names of personnel.

2-7. TMD/Component Publication.

a. TMD/component publications will be formatted IAW figures 2-5 through 2-7.

b. Subject of publication will be short and concise.

c. Serial Number. TMD policy officer/SIG will assign serial number upon review.

d. Date will be stamped by TMD policy officer/SIG upon signature of publication.

e. Component of publication will be listed, followed by proponent of publication.

3-1 Authentication. All TMD/component issuances will be authenticated by TMD policy officer/SIG “Official” seal. (Example seal below):
4-1. Procedures for Submitting/Publishing SNIs.

   a. Components processing component specific SNIs will use steps outlined in Table 2-1.

   b. Components processing TMD SNI will use steps outlined in Table 2-2.

   c. Process map (figure 2-1) outlines SNI staffing process for TMD.

Determination SNI needs to be updated or created.

Prepare draft of SNI with attachments, enclosures and JFTX 77. Send digitally to component policy officer.

Component policy officer forwards copy of SNI to SIG IOT to ensure draft rests with TMD SNIs.

Component policy officer forwards copy to component CoS for approval to proceed to staffing.

Yes

No

Process Ends.

Component policy officer forwards copy to component CoS for approval to proceed to staffing.

Proponent creates final draft with attachments, enclosures, and JFTX 77. Sends digital copy of SNI and folder to component policy officer.

Component policy officer validates SNI, prepares final draft, forwards folder to General Counsel (GC) for review. GC returns folder to component policy officer.

Component policy officer forwards digital copy of SNI with folder with staffing documents to SIG.

Component policy officer forwards digital copy of SNI with folder with staffing documents to SIG.

SIG applies seal, adds printed SNI to folder and returns to component policy officer.

Component policy officer submits SNI with attachments, enclosures and staffing documents to appropriate command group for approval and signature.

Command group returns SNI with date stamp to component policy officer.

Component policy officer maintains original folder distributes SNI IAW component procedures. Submit pdf copy of approved SNI to SIG.

SIG publishes SNI.

Coordinate with proponent on comments from GC and repeat.

SIG - Policy

Summary. This pamphlet (PAM) updates procedures for the Texas Military Department (TMD) regarding the proper content, format, and control measures necessary for SNI’s.

Applicability. This pamphlet applies to all components of TMD. This pamphlet is not intended to limit a drafting authority’s ability to create or modify the contents of an SNI. The numbering of SNIs excludes operation orders.

Management Control Process. This SNI pamphlet contains management control provisions for creating and editing SNIs.

Proponent and Exception Authority. The proponent of this SNI pamphlet is the Strategic Initiatives Group (SIG). The SIG has the authority to approve exceptions to this pamphlet that are consistent with controlling law and regulation. Within the following pages, the “proponent” is the drafting authority of the SNI.

Supplementation. Supplementation of this publication on SNIs or establishment of command and local forms on SNI creation/editing is prohibited without prior approval from the Adjutant General (TAG), through the SIG, ATTN: NGTX-JSI, P.O. Box 5218, Austin, TX 78763-5218.

Suggested Improvements. Users are invited to send comments and suggested improvements concerning this PAM on DA Form 2028 (Recommended Changes to Publications and Blank Forms) directly to Strategic Initiatives Group, ATTN: NGTX-JSI, P.O. Box 5218, Austin, TX 78763-5218.

Terms
This section contains no entries.

Section III
Special Abbreviations and Terms

Administrative Publication
An official document published in accordance with AR 25-30, DA Pam 25-40, AFI 33-326, or AFI 33-360. Examples are regulations, instructions, memorandums, pamphlets, circulars, etc.

Issuance
The action of supplying or distributing something, especially for official purpose; the action of formally making something known.

Serial Number
This is the unique number that identifies SNIs for ease of reference, control and distinction of type. The log number will appear in parenthesis as the first item in the subject line of any SNI, for example (TMD P17-01).
