MEMORANDUM FOR SEE DISTRIBUTION

SUBJECT: Texas Military Department Terms of Reference (ToR)

1. **Purpose.** The purpose of this memorandum is to delineate the roles, responsibilities, authorities and relationships for the command group of the Texas Military Department (TMD) which is defined as the Texas Army National Guard (TXARNG), Texas Air National Guard (TXANG), Texas State Guard (TXSG), and the Office of State Administration (OSA). For purposes of this document, TMD will be referred to as: the agency. These Terms of Reference will also assign responsibilities to the component commanders, whom I have appointed to exercise certain authorities over the members of the TMD, in their specific service. I expect component commanders and the joint staff to abide by this document, as well my Essentials for Leadership (see enclosure).
2. **Background.** In our times of innovation and change, my personal leadership style involves a great deal of flexibility, in order to allow our organization to adapt and remain ready and relevant. This requires me to be a “hands-on” leader. Hands-on means I will assume a full leadership role, steering from the front and working side-by-side with my team. I will ask the hard questions and expect accurate information. I will ask to see data to visualize the situation. Always be prepared to provide more information than I may ask for. This document is fluid; the staff can expect changes and updates as the TMD continues to evolve.
3. **General.** The overall role of the component commanders and joint staff is to create conditions for the successful accomplishment of all assigned tasks and missions of our 24,000-strong force, abiding by the strategic plan that outlines my mission, vision, endstate, priorities, goals, objectives and core values. Of particular importance, the TMD core values represent who we are as Texans and form the building blocks for our mission success. They are: Respect, Integrity, Service, Excellence and Stewardship. I also expect my component commanders, joint staff and their subordinates to do the following:
 - a. Provide guidance, motivation and continuity.
 - b. Foster a positive command climate.
